

How to: Access Course Content (like the Class Schedule!)

First, click on the arrow next to Course Materials. From the menu, select Content.

The Table of Contents will appear on the left hand side of the screen. From the list provided, **click** on the item you wish to view. The center of the screen will then populate with the Content available through that Item. Below are the topics available under Course Information.

**When you have viewed all the links available with that item, and check mark will appear as seen above.*

Once the Content populates on the screen, you can return to the Table of Contents by using the breadcrumbs listed at the top, or the arrow on the side.

You can also always click on the Course Name at the top left of the screen to take you back to the home page of that course, or click on **My Home** to go back to the first D2L page.
